---

Dear Students, Parents and Guardians,

- The last week of learning for this semester will be from June 8 to June 12. We expect that all work should be submitted before June 12, 2020.
- Students who are going for a credit in their classes must make sure to hand-in assignments and evidence of learning on a regular basis. Teachers must be given a chance to give feedback and review the learning. It is impossible for teachers to receive all the work in the last week of the semester unless the teacher has specifically asked students to return their portfolio or work at the end of the semester. Teachers will reach out to student within the next few business days to let the students know if they are “on-track” to get the credit.
- “L’Université de Moncton” will be offering a **virtual online program** in French for grade 9 and 10 students. Due to the current **COVID-19** pandemic this vastly popular summer program will consist of themed weeks in the month of July. **Students can choose to register in as many weeks as they want, up to the maximum of four weeks. The best part, it is offered free of charge. You must register before May 24<sup>th</sup>.** You can find more details on the district and the school websites.
- Any graduates requiring final transcripts be sent must submit the request through “Schoolcash” online, <https://angloeast.schoolcashionline.com/>. (You can also find the link on the school website [bmhs.ca](http://bmhs.ca).) Where it asks **reason for request**, write **FINAL TRANSCRIPT** and make sure you include an email address to send it. It will be sent to the requested school once final marks are done in June. If you have any questions please email [monique.tower@nbed.nb.ca](mailto:monique.tower@nbed.nb.ca)

Have a wonderful long weekend and stay safe!

M. Daigle
