Student Report (Hannah Reid)

- Hannah reported on how student's are adjusting to the second round of Orange Level Covid-19 Restrictions in regards to wearing masks emphasis is on sanitizing any area they touch. She feels the students are realizing that wearing masks and sanitizing is a necessary part of not spreading covid 19. Main thing when being in Orange is being cautious.
- Hannah spoke about prioritized learning – this year the curriculum is stripped down to essentials. Making sure they are prepared for Grade 12 & University. Wondering if you will have everything you need to go to the next level? Students are a little scared. Hannah has been looking at universities and there are prep courses you can take that go into detail on things you might have missed or need more information on.
- Report Cards went out for high school. No questions

Teacher's Report – See attachment

Heather Lean went over the SEL Definition, Benefits of SEL and framework and spoke about examples of how teachers at Caledonia are using SEL. They will share the presentation so we can watch the video, etc.

Donna mentioned that reporting period for middle school is done Dec 1st and report cards will go out High School period 1 is done and report cards already went home.

Reminder from Donna that the social media site and the school's website are two different things as there was some confusion on where to find info for parent teacher interviews. Parent Teacher interviews were up this year.
