Minutes

1. **Call to Order** Joseph welcomed everyone
2. **Approval of Agenda** First by and seconded by

3. Approval of the Minutes - First by Joseph and seconded by Kristina.

4. DEC - Brenda Mawhinney

No meeting since last meeting. District Education Council meetings come up in May. Brenda will not be putting forth her name to run. If anyone is interested in putting forth their name let Brenda know or if you wish to have any further information. Brenda will be sending out information regarding the DEC to all our PSSC members.

5. Principal Report-

Joseph shared ,

Student Enrollment

Claude D. Taylor School

	K	1	2	3	4	5	Total
Enrollment	34	37	42	50	50	54	267

Staffing Update:

Our grade 5 Intensive French homeroom was recently split due to class composition issues. Mrs. Harvey will be teaching the new class.

School Improvement Plan Update:

Update to Safety Plan

The playground is now closed during morning arrival and dismissal after school. There will be no outdoor supervision except at the drop off

zone. Students will be supervised in their classrooms until classes begin at 8:20am. The drop off zone is supervised from 8:00-8:20am. The morning arrival is to occur from 8:00-8:20am with the following requirements:

- Parents are to use the Entrance (second driveway off Whitepine Road) and Exit (third driveway to Whitepine Road); Stop at the stop line/pylon
- Students exit their vehicle and go directly to their designated mudroom
- All students must wear a mask to enter the building.
- All students must sanitize their hands at the mudroom entrance
- Students may remove their mask once inside their classroom

Distance learning plan:

All teaching staff were requested to complete at least three days of distance learning packages to go home by today.

Teachers were given the opportunity to have coverage while they reviewed district prepared documents on using the Teams (office 365) sites for DL. Extra resources were purchased for teachers to set up learning kits to support learning.

Contract tracing preparation has been occurring all year and teachers were recently reminded of their responsibilities.

Grounds Update:

A fence has been erected between the new basketball court and parking lot. A request has been made for cement barriers to be erected to prevent vehicle access to playground area.

Request for school boundary rezoning: Enrollment 2006 449 students, 2014 - 316 students, 2015 - 321 students, 2016 - 301 students, 2017 - 291 students, 2018 - 285, students 2020 - 280 students. Projection for 2029 - 242 Bragar data. (Data that the government to collect to make projections of enrollment.) Would like the school board to be looking at rezoning. Brenda will talk to the DEC Chair and the Superintendent to request rezoning for CDT. Students are currently being bussed past our school to go to a different school. The school will hold off for now on sending a letter.

There are charges against a person of trust in the Riverview area. There is a response team. Heather Stordy presented to other schools. Is this something we are interested in? Heather can go over what is going on the support side. Angela will get in touch with her to do a presentation to the PSSC.

Motion to adjourn by Dean and seconded by Kristina.

****Next meeting to be determined one meeting is set with Heather Stordy**
