

# Claude D Taylor School

## October 13, 2020

As you are aware the Moncton Area transitioned to the ORANGE PHASE over the weekend. Students and staff are now required to wear a mask at all times while at school except when: "they are sitting at a desk working silently, eating, or in play during sports activities. This includes when the students are outside."(recess and lunch). Please read the attachment concerning changes during the Orange Phase. CDT is following all provincial guidelines to help keep our students and staff safe.

### ***Picture Day***

Picture Day was scheduled for October 23<sup>rd</sup>. It has been cancelled and will be rescheduled. Picture Day will be rescheduled when we are out of the Orange Zone. Harvey's Studios will be taking the student *photos*.

### ***Kindergarten Registration***

Registration for Kindergarten classes beginning in September, 2021 will **occur online** beginning October 13-16 for all children who will turn five by December 31, 2021. The link for online registration can be found at: [asde.nbed.nb.ca/enroll](https://asde.nbed.nb.ca/enroll). Once the online registration is completed and we are out of the Orange Zone you will be contacted to set up an appointment to come into the school so we can copy your documentation. We look forward to welcoming our newest students to our school next year. This year the EYEDA screening will not be taking place at the school and parents will be given more information regarding this screening when you register. Please share this information with any family members or neighbours that may have a child who is of kindergarten age for the next school year.

### **Oliver's Labels**

In an effort to keep our students safe we will not be having a lost and found bin this year to prevent students from touching other student's belongings outside of their classroom bubble. In order for lost belongings to find their way back to their owner, all items will need to be labelled. Our home and school has made arrangements for our parents to order preprinted labels that easily and permanently apply to plastics, clothing, water bottles and etc. The labels do not peel off during the wash! Please review the attached information sheet on this great opportunity. As a bonus twenty percent of the purchase will support our school!

### ***Student Profile Sheets***

Yellow student data collection sheets were sent home a few weeks ago. If you have not yet returned it to your child's homeroom teacher please do so as soon as possible. This year two new questions were added regarding if your child has access to a device at home and if you had access to internet services. If you do not remember answering these questions please send your child's teacher a note with the information.

### *Covid Screening*

Amidst the global pandemic our priority is always the safety and wellbeing of all our students here at CDT School. We are mandated to follow provincial guidelines **if a student is exhibiting two or more symptoms of COVID-19 or one symptom of purple markings on fingers or toes, they are not to enter the school.** Prior to leaving for school, please make sure your child is well by reviewing the screening protocol each morning.

While at school, if students exhibit two or more symptoms listed below or have purple fingers or toes, students will be sent home and parents are directed to **call 811** for next steps. **Students should remain home until they are well and no longer exhibiting symptoms.** Current COVID-19. Symptoms include:

1. *Fever/Feverish*
2. *Sore Throat*
3. *Headache*
4. *Runny Nose*
5. *Cough*
6. *Muscle pain*
7. *Diarrhea*
8. *Loss of Taste or Smell*
9. *Fatigue*
10. *Difficulty breathing*
11. *Purple marking on the fingers and/or toes*
