

Note: Items can be reused from previous year

As you know our school last year reduced the items requested but strongly encouraged parents to purchase technology(**an ipad/tablet/computer**). We are still asking parents to do this for the 2020-2021 school year. In light of what has happened this year, **access to technology for your child is vital.**

2 large white erasers	4 highlighters (different colours)
2 large glue sticks (one extra)	1 pencil case
1 package pencil crayons (pre-sharpened)	400 sheets lined paper (looseleaf)
1 package of markers	20 page protectors
8-10 dry erase markers (dark colours – thin)	8 lined Hilroy scribblers (32 page)
1 pair scissors	2-3 – 1.5” binders
1 metric ruler	2 boxes of tissues
30 HB# 2 pencils	1 Protractor
1 pencil sharpener	Headphones
6-8 pens (blue, black)	Indoor/gym shoes (non-marking soles)
5-10 duo-tangs	Lunch box
1 package sticky notes	Book/school bags
1 package dividers for binder	For Art - Shading pencils, Sketching book
1 calculator	

Technology:

This is the second year in a row that we are strongly recommending students be prepared for school with their own **tablet or computer**. Generally, it is difficult to produce quality schoolwork with a cellphone. While the school does have a number of older devices, these are not always available, cannot leave the building, and have limited functionality due to age.

The following guidelines for device requirements will allow for access the school Wi-Fi Network and Office 365. We suggest that devices be a maximum of 2-years-old with the exception of a Windows or Apple laptop.

A device meeting the **minimum** requirements will not last as long as the most recently released device.

TABLET DEVICES

Android Tablet

Any device that will update to the current operating system of Android 10 (Android 9 will currently work), Wi-Fi and Bluetooth capable.

iPad

iPad 2018 6th Generation, (Current version is 7th Generation) that will update to the current operating system of IOS 13 and beyond. It must be Wi-Fi and Bluetooth capable. Both the 6th and 7th Generation iPad are compatible with the Apple Pencil 1st Generation.

LAPTOPS

Windows Laptop

Any Windows capable laptop that will update to the current operating system of Windows 10, Wi-Fi and Bluetooth capable.

Apple Laptop

An Apple Laptop that will update to the current operating system of MacOS 10.15 Catalina , Wi-Fi, and Bluetooth capable.

Chromebook Laptop

Any device that will continue to accept updates and be Wi-Fi and Bluetooth capable. Chromebook must be able to access and run the student's Microsoft Office 365 online applications.
