

Moncton High School

Safe Arrival and School Messenger

Dear Students and Parents:

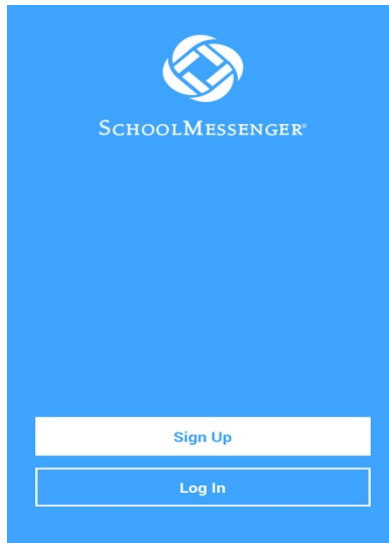

In keeping with technology and automation, Moncton High School is requesting that parents/guardians use Safe Arrival or the School Messenger Application to report a student's absence. Schools will not accept absences reported to the school directly or left on the school voicemail. All parents/guardians are required to use one of these systems to report an absence.

An absence can be reported in advance whenever possible. It can be reported 24 hours/day, 7 days a week and for any school day in the school year (up to the cut-off time on the day of the absence.)

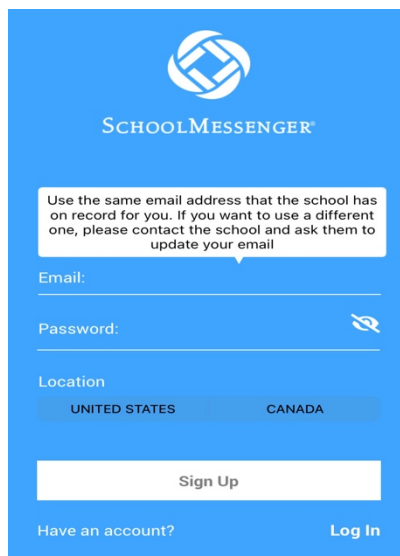

The School Messenger App can be downloaded from the Apple App Store or Google Play Store. It will be a blue logo. (see attached screen shot) The parent/guardian email address will need to be on file with the school to be able to sign in to School Messenger.

Once downloaded you can sign up to create your account. When creating your account please ensure you choose Canada.

You need to ensure to sign up with the email that is current and on file with the school.

Once you have set up your account, choose ATTENDANCE from the menu. Enter required information.

NOTE: *If you cannot set up your account, or you do not see the attendance option, or do not see your student listed in your account please confirm you are on the Canadian site and not the American site. You can also contact the school directly to check the email that is associated with your student. If you know that the email address is correct, make sure that your profile is set to “parent”. To update your profile, click on settings.
