Sign Forms

Forms signed and set aside for Brent and Christine

Officers Election

Erica W nominated Joel for Chair, Brenda seconded. Motions carried, Joel Eastwood is the Chair of the Mountain View PSSC for 2018/19

Erica B nominated Erica W for secretary. Brenda seconded. Motion Carried, Erica Warren is the secretary of the Mountain View PSSC for 2018/19

Training Video

Report card presentation from DEC presented to the group.

provincial report cards rolling out were piloted in western district. No change, this is the same format as last school year
Goal to reflect and support changes in assessment practices.

Provides more information than a traditional letter grade or mark. 3 report cards to be issue during the school year.

To be broken into strands of subject, rather than average for subject. All of NB to use same format K-Gr8

Each term stands alone, terms not averaged on final June Report Card.

Scale is 1 - 4 (same as past two years)

Students and Parents are encouragedd to complete response form.

Tom Bateman

Reporter from the Times and Transcript, looking to speak to our our PSSC Chair. Joel has taken the contact info and will reach out

This is regarding the Sustainability study.

New Business

Emergency Procedures & Plan

2 lockdown practices so far this year. RCMP attended one and were pleased with result.

Fire Drills were modified now students go to the playground or back field instead of crossing the parking lot to the front lawn.

No Emergency Evac has been practiced yet. Waiting for request to be answered to have RCMP stop traffic for practice.

Mission and Vision Statement

Mission - Fostering confident, collaborative & creative GLOBAL citizens.

Vision - Guiding the life path of all learners through quality educational processes.

SIP/PLWEP Goal

These are still a work in progress or drafting.

Student Surveys were done regarding changes they felt with restorative practices that were put in place last year.

*Mrs. RW has the results.

Restorative Circle is working very well. Decline in behavioural issues.

To go on next agenda for review of finished Goal Statements

Sustainability Study

Discussion/Feedback

None of us want to lose the "small school" feel or go to town. We would like to discuss having a school in this area

We understand that keeping this school is not feasible

Goals & Concerns

Concerns regarding -

Loss of community feeling

change in dynamic if children from a rural are put into a large school

concerns of overpopulation

lack of planning for increase in population if only one school is built

length of time students on the outskirts of the cachement will have to spend on the bus if a school is built in town

Our chosen solution to replace Mountain View with a new school in this area allows for growth our community.

Wish for school for a new school in this area to offer immersion programs not currently offered. This is a direct cause of lower population at Mountain View.

Plan of Action

Motion to

* ERICA Draft a communication of action plan for request at Sustainability Meeting.

* Joel Contact Media and offer information with regard to our position on the subject

Apply to present feedback from our school at the meeting being held Thurs Nov 14 7pm. Erica to fill in if Joel cannot get

* Joel approval to present after 8pm.

Budget for PSSC

To be reviewed at next meeting

After meeting Actions that occurred

Joel has written a letter of intent to Sarah, our representative on the DEC. He has invited her to attend an information session

that we have scheduled at the school to review our intentions with any parents that are interested in participating.
