

# PRS Plagiarism Policy

(Revised September 2015)

- Any **summative assignment** that is plagiarized will be given a value of zero, but must be re-written because it is a **required component** of the course.
- The re-written work will receive a **value of zero**. If not resubmitted, the course work is “**incomplete**” and the **credit cannot be earned**.
- Teachers will use **discretion** in the case of a plagiarized formative assignment, homework, etc. Opportunity to re-write for reduced value **may** be given.
- Teachers must **inform students of this policy** and ensure students understand **what constitutes plagiarism**. ( see reverse side)
