June 21st, 2021

Dear Grad and Families,

After re-examining our operational plan for graduation scheduled for this Thursday, and in consultation with our school district, we have been able to make some adjustments that will allow us to increase the number of guests per graduate from 4 to 7. To facilitate this increase, we will reduce the number of places in the school in which the grad and their guests are waiting or could potentially become crowded. This will help ensure appropriate physical distancing.

With these changes, we ask everyone to pay careful attention to the following:

- All grads and guests must wear their community mask at all times while in the school. The only exception is that the grad can remove their mask as they cross the stage when their name is called.
- Grads and their guests must remain at the marker on the floor designated for them until the group in front has advanced to the next marker. This is to maintain the physical distancing required.
- After the grad has crossed the stage, we ask that they and their guests exit the school theatre immediately.
- Upon exiting the theatre, the grad and their guests will be able to walk the school mall one last time; however, we ask that you keep moving as groups will be exiting the theatre quickly behind you as well. You can pause for a photo or two, but the extra guests will create congested areas if you linger too long. Please enjoy the walk and the celebration, but please do so while continuing to move through the mall.

If 7 guests are not enough for your grad and your family, please email jason.reath@nbed.nb.ca and we will find an alternate time for you and your grad to take part in the ceremony. Most likely, this will be at a time slot scheduled after 4:00PM on Thursday, June 24th. Please note, there will not be many graduates or staff around during these alternate times.

If anyone of your grad's guests need help due to mobility issues, please email jason.reath@nbed.nb.ca before 12noon on Tuesday, June 22nd.

We are confident all our grads and their guests will enjoy this more personal graduation experience. We look forward to celebrating with all our Royals and their families on Thursday.

Take care,
RHS Staff
