## **School Supplies for 2021-2022**

### **Kindergarten – Grade 5**

AES will be purchasing school supplies in the Fall for a nominal fee.

The fee will be \$40 per student, and it will include all materials required at school for the year. This fee can be paid through School Cash Online. This option will be available starting mid-July.

Parents need only supply a water bottle, lunch can, and indoor shoes.

NOTE: teachers will evaluate the condition of current headphones and will contact you if new ones are needed.
