Please Return SES Library Books!
Every year the SES school library loses upwards of 100 books! These books are often misplaced at home. Unfortunately, replacing these books is an expensive process! On average hard cover books cost \$15 dollars and softcover books costs \$10. There certainly are cheaper titles but often the books that are popular and the ones that cost more to replace. Please take some time to search for lost books and send them back to school as a way to keep our replacement costs down!

Year End Information for Parents

Please remember to check the lost and found items before the last day of school. All remaining items will be sent to charity as soon as school is closed for the summer. Thank You!

There will be a \$0.25 Used Book Sale held in the school library for the next 2 weeks in June. Books include picture and chapter books in both English and French. There will also be some books for parents! Students and families are welcome to come browse. We have a wonderful selection of books to choose from. All proceeds from this sale will go to our local charities. Thank you for supporting this fundraiser!
