**Art Portfolio submission:** Select four works that show originality of composition and the diversity of your ability. May include landscapes, portraits, abstract and still-life. Oil, acrylic, watercolour, pastel, charcoal, graphite, pen and ink are acceptable. In keeping with the tradition of the club we do not include photographs though digital creations or collages are considered. Please attach a JPEG image of each work to the email with this application. For each image give the title, medium, and size. If possible at least two works should be prepared for gallery presentation so they can be brought to our gallery in Brunswick Square to aid in judging. These should be framed, or canvases have a wire for hanging and painted or clean around the edges. Arrangements for presenting these will be made individually, early in May.

We would like to post images of your work on the art club facebook page. This is optional and will not influence the judging. Do you agree to this?

**Artist Profile:** Complete a personal profile by describing yourself in 250-300 words and attach it to the application. Explain your interest in and pursuit of the visual arts; how you began, and what you hope to do upon completion of your post-secondary education. Describe the mediums and styles you have used and what is the most satisfying component when working with your art? What would you tell the SJAC Educational Committee about yourself that would encourage them to consider you for this scholarship?

Each applicant will be given one year membership to the Saint John Art Club, and will be encouraged to show their work in our gallery. This of course is optional and does not influence the judging.
