

Our Sonics have participated in a number of special school events over the past few weeks, such as: a G3 activity in which the entire student body circled SRHS to demonstrate their knowledge of the **Link Program**, a celebration of our athletes with our first pep rally of the school year, a **Paint the school Pink day** as a way to acknowledge Cancer Research, Halloween treats were provided to all of our Sonics on behalf of our Student Council and our Grade 9 Sonics participated in **Take Your Kid to Work**.

This week we will have an opportunity for our grade 11 & 12 Sonics to visit various post secondary institutions representatives, as the AARO Tour stops at SRHS. We will also have a Remembrance Day Assembly this Thursday as there is no school on Friday, November 11th.

Connect, Reconnect and Be Involved

Our Winter sports have begun so we would encourage Sonics to look for ways to represent SRHS. We also continue to look for new members for our many clubs and activities. Recently Footloose was announced as the Spring Musical so there will be many ways to be involved with this production as well.

Communication

We have reached the halfway point of semester 1 and teachers are preparing feedback for the reports this week. Students and families will receive report cards on Monday, November 14 with an opportunity to attend Parent Teacher interviews in person or online. To book a time go to our website, SussexHigh.nbed.nb.ca We would encourage you to reach out to your student's teacher(s) if you are unable to attend Parent Teacher on November 17th or 18th, their email addresses can be found on our website.
