

As our 2022-2023 school year began, we had a well attended Open House and a smooth first week with our new Grade 9s, returning students and many new students to our building. We look forward to a year of great learning and many opportunities for our Sonics and Families to **Connect, Reconnect and Be Involved.**

Our Grads of 2026!

PSSC

The SRHS Parent School Support Committee is looking for members.

This is a committee of parents, a staff member, a student representative and the principal that meets 4-5 times within the school year. Please contact lori-ann.lauridsen@nbed.nb.ca by September 23 if interested.

School Wide Expectations

Please ask your Sonic about our school wide expectations of arriving to class before the bell, using technology properly in class and completing work on time.

Communication is essential between SRHS and home, so we would ask that you contact the school regarding;

- ◆ any absences involving your Sonic by email, note or by phoning
- ◆ any questions you have regarding academics
- ◆ marks in Power School or received on an assignment/test
- ◆ any concerns about your Sonic while at SRHS

At SRHS we are asking that there be no gathering in our washrooms and that all Sonics respect that each of our stalls and individual washrooms are singular.

Fall Sports

Fall Sports are underway and we are excited to have so many Sonics participating in Soccer, Baseball, Softball, Golf, Field Hockey & Football. Thank you to all the families and fans who have come out to watch these Sonics represent
