

Favourite Song Comparison

Your task is to compare the musical tastes of you and eight of your family over the next few weeks. (Two interviews per week) You can complete this activity with a written report, video, or audio recording.

Provide the following information about your favourite music and then do the same with everyone else in your home. You may also complete interviews by telephone, Facetime, Skype, etc to get to your 8 interviews. The favourite song selected can be from any point in the person's life. It can be a song that you currently like or one from earlier in your life that is important to you.

Name of the person being interviewed and their year of birth.

What is your favourite song? Is it a song you currently listen to or is it a song from when you were younger?

Who recorded the song? Did they write the song or did someone else write it?

What style of music is it?

When and where did you first hear the song?

What is the song about? Is there a message to the song?

Why do you like this song? Why is it important to you?

If you could change one thing about the song what would it be and why.

After completing the questions for yourself and interviewing other family members compare the answers. Are there any similarities in musical tastes? What is different? Who do you think has the best taste in music? Explain and defend your decision?
