### Upcoming Events

- June 4 (Performing Arts)  
– Bottle Drive

1. The Addams Family hits the stage this week with Ms. Shea as Producer and Meredith Henry as Director, but they could not do it without Jeremy Lemire, Meghan Barton, Patrick McIntyre, Rob Chapman and the many students, staff, and parents who have given of themselves to make it a reality. Please do not miss out and consider coming to see this amazing musical. Wed May 25 – Sat May 28 - \$15 per person – 7:30pm curtain.
2. Mrs. Wilson successfully held a Heritage Fair a few weeks ago at RHS and this was followed up by many students winning at the Regional level. Congrats to the following; Soonwoo Kang placed 3<sup>rd</sup>, Marlena Ryall-Perez placed 2<sup>nd</sup> and Rebecca Burdick took 1<sup>st</sup> prize in the senior division. Rebecca also won two other major prizes including an invitation to present her project at the Provincial level on June 18. Congrats to all!
3. Mr. Kelbaugh, along with Mr. Roos, took a group to the provincial Model United Nations recently all while helping our first cohort of Advanced Placement Seminar students complete their exam. This is a huge milestone for Rothesay High as we complete our first year as a Capstone School.
4. Mr. Ross, along with student intern Mr. Perrin, have dramatically improved our outdoor classroom over the past few weeks. The last step is to build a pagoda and this should be done before school is out.
5. Ms. Shillington and Ms. Erving as SRC advisors have managed to say yes to nearly every activity and have guided Molly Frenette through a highly successful year as President. Congrats to Logan Shea on his win in our SRC presidential election! Good luck in 2022-2023!

# Supporting Your Students @Home

## ***19 School Days Remain – Including 5 days for Exams***

With only 14 more learning days remaining, it is important that we assist our teens remain focused on finishing strong.

1. **Re-Assessment** – grade 9 & 10 classes as well as some upper-level classes provide opportunities to re-assess an outcome or skill if the student can demonstrate improvement. It is vital that students and families understand that re-assessment only works if the student works with the teacher to improve their understanding and they study hard to show improvement. Re-Assessment is NOT a re-test – it can be a conversation, a project, or a quiz!
2. **Exams** – courses where exams are used require using ALL the knowledge from a course in multi-dimensional questions and tasks. Students should be revising material nightly at this stage to get prepared for final exams
3. **Projects** – require time and effort. Students should be working on final projects from the day of assignment – leaving these to the last minute will leave your grades suffering!

# 2022 Student Summer Learning Program

NEW BRUNSWICK VIRTUAL LEARNING CENTRE

The Department of Education and Early Childhood Development (EECD) is offering a **free** summer learning program for students. It is open to students entering grade 10, 11, or 12 in the upcoming school year and to those who graduate in June 2022. To be eligible, you need to be registered in a New Brunswick High School, in June of this year, in one of the four Anglophone districts.

This program allows you to earn a mark that will be added to your regular school transcript. These are full courses and take a significant amount of time to complete (3-4 hours each day). If you want to improve a mark or get ahead in a course, *and you have the time to commit*, this program might be for you.

This program requires daily attendance and participation. Your activity and submissions are monitored. Students who fall behind or miss deadlines can be removed from the course. If you are unable to commit the required time, this program may not be for you. All these courses will be available online in the fall as well.

## To Register

Registration will take place through your school, in the same way as regular online courses. Check with guidance or administration at your school for information. Courses may need to meet a minimum enrollment threshold to be offered. Schools will be notified of any changes to the course list and other information.

## Information for students and families

Q. How many courses can I take?

A. In the time available it isn't possible to do more than

a single course. Students can enroll in a maximum of one course.

**Q.** What's the workload like?

**A.** It's an 18-week course being done over one month. You can expect to be putting in a several hours each day. While you can work at your own pace, if you fall too far behind you may be unable to complete the course.

**Q.** How is the course offered? Who teaches it?

**A.** Courses will be offered in D2L Brightspace, the same platform as regular distance learning courses. Courses are taught by online teachers from NB schools. You can sign in from home. <https://nbvlc.nbed.nb.ca>

**Q.** Do I need to have taken the course before, like with regular summer school?

**A.** No, it's not necessary. You can take a new course for the experience or to free up your schedule. You do need to have the necessary prerequisites to be enrolled.

**Q.** Do I need to be available each day? When do I need to be online?

**A.** Yes. You need to demonstrate evidence of working each day. While there is some flexibility about when you do your work, teachers will be available in the morning (9-12), and possibly other times by special arrangement.

**Q.** How is my mark recorded? What if I don't pass?

**A.** At the end of the course, we will send your final mark to your school. They will update your transcript. If you are unsuccessful, or you earn a lower mark on a repeat attempt of a course, it won't be recorded.

**Q.** What do I need for equipment and internet?

**A.** You will need a computer to complete the course (PC or Mac). Where all content is online, internet access is required. For software, you need an up-to-date browser (e.g., Chrome, Firefox, Safari).

**Q.** What information do I need to sign in? How will I know how to start?

**A.** You'll use your regular NBSS username and password. Before the course starts, you'll receive an email from the teacher with info about how to get started. The courses will open automatically on June 29<sup>th</sup>.

**Q.** Why am I being asked to provide a phone number and/or outside email address?

**A.** Where it's in the summer, if we need to get in touch with you, this will make sure we can do that. Every day will matter, so if you have account issues or other challenges, we need to get in touch.

**Q.** Do I have to submit assignments and complete activities every day?

**A.** Just about... each day in this course will be like four regular days of class. It will go quickly.

**Q.** This isn't what I expected / I found a summer job / I'm falling behind / I no longer need to take this course... now what?

**A.** While we hope you only sign up if you plan to complete the course, we understand that things can happen. If they do, the best plan is to talk with the online teacher to let them know you're not going to continue.

**Q.** Why might I be dropped from my course?

**A.** We want to make sure the course is preparing you for what comes next; if you're not active, not submitting work, or otherwise not putting in the required time, it's probably better for you to try the course in the fall.

**Q.** I still have questions!

**A.** Throughout the semester we'll be updating schools with more information. You can also email [distance.learning@nbed.nb.ca](mailto:distance.learning@nbed.nb.ca) with questions. Please include some specifics so we know how to best answer your questions.
