Re - Assessment – How to...

We are down to five school days before Re-Assessment week. Not all classes do the same things and the best way for students to prepare for Re-Assessment is to create a study calendar based on the advice of their teachers. We have asked teachers to spread out their re-assessment opportunities so that no one has more than 1 or 2 things to prepare for each day. Here is sample of a calendar that Grade 9 & 10 students might use as a template to help get organized for next week;

Day	Subject Area	Targeted Assignments/Tests (from PowerSchool)	How To Study? (Ask Advice from Teacher)
Mon	English	1. 2.	
Tue	Math	1. 2.	
Wed	Social Studies/French	1. 2.	
Thu	Science/Skills Based	1. 2.	
Fri	Last Chance!		

Cultures & Stereotypes are not Costumes – Tips for Friday

We will be doing some important lessons on Intent versus Impact in Homerooms for the next few weeks and will be following up with lessons on Apologies. This Friday as we dress for Halloween it is important to be thoughtful about the costumes worn at school and they should not include any masks (aside from the face masks worn for COVID protocols). When in doubt? Check with your HR teacher for advice!

Supporting Your Students @Home

Gratitude and Praise – I was reminding many staff and students this week of just how many of them are working hard, seeing success, and are heeding the advice we are giving. It is sometimes hard to stop and see the good happening in a school building. That will be my focus this week and I would encourage all families to do the same. Take note of the assignments they do submit on time, the efforts to get up on time and get to school and all the extras they fit into their schedule like sports, musical, student council, jobs, and volunteer work.

To our RedHawk Families I also want to take a minute and show gratitude to the support that you provide in the good and the not so good times. The crowds at the sports games, the cars lined up to pick up the musical cast and the many calls, e-mails we get at school demonstrate the high level of parent engagement we enjoy at RHS.

Graduates may sign up in the Main Office for their Graduation Photos (Cap & Gown) this week. The photos will be taken the last week of October (26-28)

Advice from Photography Flewwelling for your graduation photos:

If you are wearing a suit on graduation day:

- Wear a white shirt and a tie (a tie in your school colours looks best). The studio has a white shirt and ties for you to borrow, if necessary.

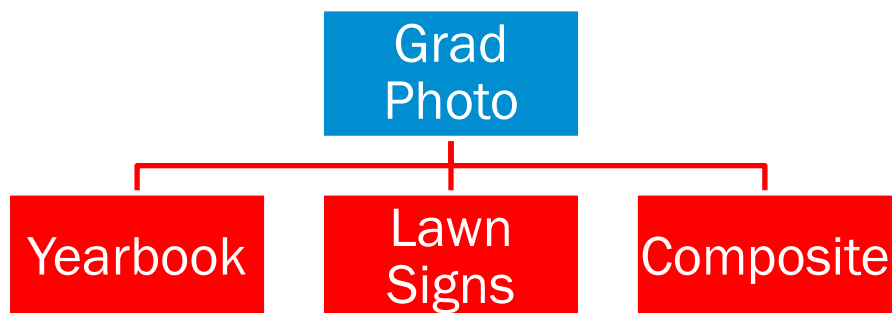

If you are wearing a dress on graduation day:

- Wear a vee-neck top that will not show under the gown.

Advice for all:

- A small necklace will look fine, but heavy jewellery would be a distraction.
- If you normally wear make-up, consider using a little more than usual, but do not overdo it. If you never wear make-up, you might consider wearing it on photo day. A cosmetics specialist at a drug store would be happy to teach you the basics.
- Photography Flewwelling has the graduation gown for your photo.
- Some students like to have one shot taken with a prop such as a musical instrument or some other cherished item.
- Do not make a drastic change to your appearance in the days leading up to your appointment. Even a fresh haircut might not look the way you intend, so you might think about getting a haircut one to two weeks before your appointment.
- Minor blemishes will be re-touched at no cost; details regarding the cost of major re-touches will be provided on the envelope containing your proofs.
- Ordering instructions will be on the envelope containing your proofs.
- Relax and have fun!

Please note: While you are not obliged to buy any of the photos, we do ask that you get your photo taken as we use the photos for the following:
