## Student-Athlete Policies

### Attendance

- Student athletes must attend school each day, including homeroom. They must be present in all periods, including at-home learning, on practice/game days to participate in sport. If a pattern emerges of being absent and/or tardy on non-play days, they will sit. Athletes who participate when they are ineligible will be suspended from play for a minimum of 1 game.
- Please strive to book appointments after school hours and call the school (506-847-6200) if you have need to pick up your child for an appointment to ensure they are coded properly.

### Academics

- To continue regular play and practice, student athletes must be in good standing in all courses. All major assessment components must be complete. Student athletes who are failing one or more courses will be assigned an academic intervention (extra help, Student Centre, Lunch & Learn, etc.) until they are passing. During this time, practices and games may be reduced.

### Behavior

- Students will “dress up” on home game-days. Individual teams will determine dress code on travel days/ away games.
- Athletes cannot drive themselves or others to out-of-town games, which are defined as games that occur past West Saint John and east of Hampton. Students leaving directly from school may not drive other students to games/practices.
- Student athletes must behave respectfully in school with teachers, staff, and students **and** on the court/field/dressing room/social media with their coaches, teammates, opponents, officials and spectators. Games or practices may be reduced for inappropriate behavior. Students on school suspension may not participate in sport.
- Student athletes are prohibited from using vapes or tobacco products during the school day, practice times, or team travel (busses, dressing rooms, hotel rooms). Athletes are prohibited from bringing vapes or tobacco products on trips to away games. First Offense: warning, Second Offense: minimum 1 game suspension, Third Offense: removal from team.
- There is a Zero Tolerance Policy for athletes involved with alcohol or drugs at any school event. Athletes who are involved in these activities will be removed from the team indefinitely. This includes before school, lunch time, dances, grad activities, sporting events at which athletes are spectators, and it includes these same activities at other schools.

**By signing this form, you consent to the school sharing pertinent information about the above with your child’s coach.**
