PowerSchool Public Portal

Introduction & Purpose
The PowerSchool Public Portal is an online tool that enables parents and students to become informed and involved partners in Education. The Public Portal can keep you informed about what's happening at school, track your children's progress, and provide you with 24/7 online access to your children's teachers & classes.

The Public Portal gives Parents/Guardians the very latest student information such as:

- Attendance
- Student Schedules
- Assignments
- School bulletins
- Assignment criteria
- Grades & Assessments
- Teacher comments

Please Note: Parents/guardians and students agree and understand that the PowerSchool Public Portal is offered on a best effort basis. The District cannot troubleshoot home computer issues. Users are responsible for resolving any technical issues encountered when trying to access this system. However, if you experience any further problems with our PowerSchool system, please contact your School Administrator.
