

# Home & School Volunteers Opportunities

**Welcome to a new year at Lakefield Elementary School!**

The Lakefield Home and School (H & S) Committee is looking forward to another great year! The goal of the H&S is to provide an enriched school experience for our children through volunteering and financial support. As most of our returning parents are aware, many activities and services provided to our children at Lakefield are only possible through direct involvement of parent volunteers. None of these things can happen without you!! We welcome younger siblings for certain activities as well as help from Grandparents. Please review the list of areas requiring volunteers, and if you are interested in helping out in any way, just e mail or call the relevant Coordinator associated with the particular area or event. Each coordinator will also be able to fill you in on the time commitment generally involved with their particular area or event.

If you have any questions pertaining to Home and School, please contact any of the committee executive members listed below:
