Dear, Mr.O'niel,

If I was wondering if Lakefield Elmentry School could have some park benches.

If Lakefield had park benches if we were tiered, we could sit on the bench for a break instead of sitting on the ground.

If we had park benches the coummunity would love to come and watch there children and grandchildren play.

If we had parkbenches the coummunity would love them and they would make Lakefield a better school.

So Mr.O'Niel what do you say can we please pretty please with 7 cherrys on top have park benches at Lakefield?????

from your truly,
Charlie Brown!!!!
