

Dear Mom and dad,

I would love if you took me to Florida. Just think of all the places there would be to swim. We could swim with dolphins and stingrays and snorkling would be spectacular. It would be awesome to go to Disney land, Discovery cove or Sea world. If we go to Florida think of all the sea creatures you could mee! We could meet dolphins, sea turtle and stingrays. Playing with dolphins would be just as fun as a upside down roller costar. Don't you think Florida would be a fantastic family vacation?

Love, your daughter
