A reminder to students that all laptops need to be returned to the Learning Commons on the day that you sign them out. They are not to be kept for multiple days. When your laptop's battery runs out – please bring that laptop back in exchange for another one and again return it at the end of the day. Laptops are not to be going home and, in the event, you need to bring it home- you will need to get permission from the Admin Team.

Good luck to the badminton players who travel to Carleton North tomorrow for Regionals!
