

## What are Stamp Stories?

As a warm-up to heritage fairs, Stamp Stories is New Brunswick's heritage design contest that students can enter. The top 8 entries will be posted on our website (<http://www.gnb.ca/Heritage/> )

A stamp design can be anything that students want it to be, as long as it has a New Brunswick history or heritage theme. It might be a local historic building or landmark, one of our ancestors, a cultural landscape, animal, favourite New Brunswick hero, important historical event — anything that means something special to the individual student.

## How to Enter

Draw the stamp design in the space provided on the entry form.

Entrants can use coloured pencils, felt pens, paints, paper cutouts, or can create their design on the computer! Remember to use strong colours and solid lines.

The contest is open to students in grades 4 to 9. Students can enter as often as they like. Entries must be received by **March 1, 2015**. Have fun and good luck!

**Entry Deadline: March 1, 2015**
