SCHOOL IMPROVEMENT PLAN

Vision Statement

Princess Elizabeth School is a **community** of learners respecting each other, embracing differences, and realizing our potential.

Mission Statement

Our mission is to encourage each other to take **PRIDE**, show **EFFORT** and celebrate **SUCCESS**.

School Improvement Plan

Summary of Current Goals:

- i) Development and promotion of self-regulation strategies school wide and the promotion of community/parental and student engagement.
- ii) Fostering and enhancing positive behavior and intervention supports (PBIS) and response to intervention (RTI) strategies school wide while continuing to promote community/parental and student engagement.

Looking ahead:

- iii) Development of a formalized process to welcome and transition new students/international students to our school community.
- iv) Fostering the growth of STEM/STEAM activities to allow students to explore the use science, technology, engineering, art, and mathematics in their daily lives and in their regular classroom experiences at PES.

Goal #1: To develop and promote self-regulation strategies school wide as well as to increase community community/parental and student engagement.

Domain 1: Systemic School Planning

Indicator 5 – Schools use evidence/informed Response to Intervention (RTI) strategies to support students behaviourly.

- 5.1 School-wide responses with varied strategies for positive reinforcement and behavior intervention are systematically employed.
- 5.2 The school has a proactive, systematic strategy for dealing with bullying.
- 5.3 Processes are in place, and staff members apply interventions, to support students with their attendance.

Goals/Principles 5.2, 5.3, 5.5, and 5.6

- 5.2 School personnel and students in the public-school system have the right to work and to learn in a safe, orderly, productive, respectful and harassment-free environment.
- 5.3 Inclusive educational practices are supported and promoted. Students are responsible for their behaviour in accordance with their age and stage of development, and to the extent to which their behaviour is voluntary. When disruptive behaviour is attributable to the student's exceptionality and he or she is unable to control this behaviour, appropriate interventions will be employed with the needs of the student in mind.
- 5.5 Parents, school personnel, district staff and the school community understand that social skills, self-discipline, respect, empathy, compassion and ethics are learned throughout life. Each partner in education through instruction and continued education supports the formation of school-based groups that promote diversity when interest is expressed by a student or staff member (examples include First Nations groups, multicultural groups, religious groups, and sexual minority groups).
- 5.6 All members of the school community learn and work together in an atmosphere of respect and safety, free from homophobia, racism, and all other forms of discrimination that could lead to bullying and harassment. Appropriate procedures and strategies are in place to ensure respect for human rights, support diversity, and foster a learning environment that is safe, welcoming, inclusive, and affirming for all individuals.
