Stronger Together

It isn't easy growing older every day
Preparing for our future when we'd rather play another game
But when we tell you we have teachers who make learning fun

You'll know we're talking 'bout Seaside Seaside Park Elementary School When we talk about learning, teaching, and sharing what we do And you know an amazing thing that we'll continue learning On this adventure we're learning that we're stronger together

We have three times as many school activities
We celebrate as many fun festivities
When we tell you we're excited and more confident and so inspired

You'll know we're talking 'bout Seaside Seaside Park Elementary School When we talk about learning, teaching, and sharing what we do And you know an amazing thing that we'll continue learning On this adventure we're learning that we're stronger together

We have a tree to symbolize how much we've grown And we know how to return all the care we're shown Quand nous disons que tout le monde est accepté comme ils le sont

You'll know we're talking 'bout Seaside Seaside Park Elementary School When we talk about learning, teaching, and sharing what we do And you know an amazing thing that we'll continue learning On this adventure we're learning that we're stronger together

At Seaside Park the teachers go the extra mile Our school is beautiful and it makes us smile When we tell you it's like family and that it feels like coming home

You'll know we're talking 'bout Seaside Seaside Park Elementary School When we talk about learning, teaching, and sharing what we do And you know an amazing thing that we'll continue learning On this adventure we're learning that we're strong

And the amazing thing that we'll continue learning On this adventure we're learning that we're stronger together
