Attendance

It's hard to believe that we only have 10 weeks of school left this academic year! Our students, your children, have once again proved how resilient and engaged they can be in the most hectic of times. These next 10 weeks will be very concentrated, and assessment based. It is our priority to ensure that every student reach their academic goals by the end of the school year. For this to happen, we need them here every day, all day long. Assessments take place any given day, any time of the day. Many assessments, particularly in literacy, take place as early as 8:30 am upon arrival, and may also happen at the end of the day. As well, resource, guidance, and SLP specialists may also be engaged with your child at any given time throughout the day/week, so it is pertinent that students maintain excellent attendance. We understand the difficulty you face scheduling appointments for your children, and we will make every effort to work around those days. May 7th and 10th are both PL days for teachers, so those might be possible dates to schedule those appointments, if possible. Attendance has been, and always will be, one of those components of education that we will continue to make a priority, and we ask for your cooperation in doing so.

Our Mission is that we will work collaboratively to ensure every child in our care becomes a lifelong learner prepared for academic and social success.
