Science Fair

Students from DICS Science Fair that went on to the District Science Fair (photos from St. Croix Courier) (*missing photo of Daniel Vineham who also went on to the district science fair with his project on electrolysis.*)

“Plants and Plaster” was the topic of Sydney Stuart’s science fair project and the goal was to see how plant roots change on different surfaces. (pictured below)

Cameron Conley, above, decided to do his science fair project on beverages and tooth decay.

Robert Webb, left, has invented the D.O.G (Dynamic Omnipotent Generator) which is a dog house which can be heated with solar heat generated from empty pop cans. He said the temperature inside reached 34 degrees on sunny days.

Our Mission is that we will work collaboratively to ensure every child in our care becomes a lifelong learner prepared for academic and social success.

Safety/Respect/Responsibility

Next week's theme: **Respect**

Students will be learning about keeping things tidy, including classrooms/
equipment room and cafeteria

Next Bracelet Celebration: Friday, May 10th

Volley Ball

o Volleyball Tournament April 26th & 27th:

- ⦿ Girls play at 2:15 pm and 4:15 pm on the Friday April 26th at SSMS
(Game times for Saturday will be determined by games on Friday.)
- ⦿ Boys play Saturday April 27th 10:00 am, 12:00 pm & 1:00 pm at SSES

Drama

Drama Parents: If you have volunteered to bring in supplies for Wednesday's dinner theater, could they please be brought in to the school Monday morning...thank you!

Cafeteria Menu

April / May 2013

Monday	Tuesday	Wednesday	Thursday	Friday
<h1>NO CAFETERIA</h1> <p>Please make sure your child brings a lunch for this week!</p>
