## Deer Island Internet Issues

The Deer Island/Campobello Fibre Project Inc. needs our help. They are collecting data in order to present a proposal to Bell Aliant and the government to have the internet access on Deer Island improved. They are asking for information regarding upload and download speeds, which can be tested at home by going on to the Bell Aliant site and running the 'Speed Test'. Simply Google 'Bell Aliant Speed Test' to find the link. Once you have the results, please email them to [woods@nbnet.nb.ca](mailto:woods@nbnet.nb.ca).

The more data they have the better chance that the internet access will be improved.  
Thank-you for your help with this matter.
