# New Brunswick Student Wellness & Education SURVEY

## What is it?

The survey evaluates the wellness and education of students directly from their perspective or from that of their parents/guardians.

Topics include: students' social and emotional development, physical health, substance use, experiences with their school and community, and demographics.

## What type of questions will be asked?

The survey will ask parents/guardians of students in grades K to 5, students in grades 4 and 5, and students in grades 6 to 12 questions such as:

**PARENTS/GUARDIANS:** On most days, how much physical activity does your child take part in?

**STUDENTS:** How many hours do you usually spend sleeping each night?

## Parents/Guardians: Why it's important that you complete the N.B. Student Wellness and Education Survey:

By completing this survey, you are helping teachers, schools, districts, communities, and provincial decision-makers better understand the needs and strengths of students in your community.

Complete the Survey at:
