

## **Fundy Middle & High School PSSC Meeting**

**October 7<sup>th</sup>, 2020**

*Attendance: Shawn Draper, Donna Domers (Chair), Holly Hannan, Darlene Thompson, Krista Kernighan, Mary Chevarie, Josie Chevarie (Student Rep), Patrick MaDade (Principle), Shannon Keefe*

*Welcome ~ Donna*

*Approval of Minutes from Zoom Video Meeting for September 2<sup>nd</sup>, 2020. Motion to approve. Moved by Darlene Thompson. Seconded by Shawn Draper.*

*Reviewed PSSC Handbook regarding number of members allowed. Maximum is 13 people. At this time we have 13 active members. Donna is going to ask Sadie to be our community member.*

*School Improvement plan – will discuss at next meeting.*

*Drop off zone still isn't ideal. Parents are not going to the end to let kids out unless Ian Lee is on duty directing traffic. Most days traffic is congested. PSSC decided to partner with Mariners In Motion and give a \$250 donation to have signs made by group and improve communication to drivers. Hopefully once signs are made and in place traffic will flow better in the morning. Afternoon pick up seems to run smoothly.*

*Motion to approve. Moved by Donna Domers. Seconded by Krista Kernighan*

*Review of Covid 19 Operational Plan*

*There were questions for Patrick regarding operations at school.*

*1-Attendance. Overall attendance is very good with staff and students. It's hard to determine attendance on students "off" days because those days aren't as enforced.*

*School is very calm and functioning well. There are approximately 35 more students per day in Group B. And there is a Group C where these students need to be at school everyday. This group has 16 students.*

*2- Bubbles Changing? Bubbles will not be changing. When small things change it creates other problems with scheduling.*

*3-Cafeteria? Cafeteria is open daily*

*4- Marks? Marks should be posted October 5<sup>th</sup> and every 3 weeks after that date. Teachers will be posting these*

*5-Middle Level Mariners In Motion? They are meeting on Teams*

*6-Flu shots done at school? No*

*Discussion on spaces available for students during lunch. Learning commons is open but not for high school lunch. There will be classrooms opening in the days to come during lunch for students to have lunch/socialize.*

*Computers that were ordered have been delivered to students. School has computers that they "loan" or let students "borrow", but as of December district will not be allowing this to happen.*

### *Sports Programs*

*Some sports have already started. Varsity Girls Soccer is now happening, Golf team has had provincials in Hartland.*

*Most sports have interested players but no coaches due to the changes in rules because of Covid – 19.*

*Basketball will be taking place. There will be try outs but only 15 participants at a time so there may be several days of try outs. During games there will be no spectators allowed in gym, only coaches, players and refs will be permitted. Looks as though it will be an exhibition season (no provincial banner)*

*There will be virtual Parent Teacher Meetings held in November for High School and early December for Middle Level.*

*Grad pictures November 24<sup>th</sup> & 25<sup>th</sup>*

*Graduation June 24<sup>th</sup>, 2021*

*Adjourned at 7:45pm*

*Next scheduled meeting – Wednesday, Nov 4th*
