Dear Ms. Watson:

Thank you for your letter on behalf of the Anglophone South School District to the Hon. Brian Kenny, in which you suggest the applications for the Minister's Excellence in Education Awards be made available in April instead of May. The Minister appreciates your letter and has asked me to respond.

We are very grateful for your support in honouring these exceptional educators and we appreciate your suggestion. This request has been forwarded to the appropriate employees and the change has been made in the planning timetable for this event.

Again, thank you for your suggestion.

Sincerely,

John McLaughlin
Deputy Minister
