

DEC MEETING:

June 13, 2018

TOPIC:

Recommend that summer Capital Improvement Project for paving for KVHS for summer of 2019 be canceled and replaced with a new elevator lift for Bayview Elementary School. Each project was estimated to cost in the \$250,000 range.

BACKGROUND:

A new student starting at Bayview in Sept. 2019 will require the use of a lift in order to be able to access all levels of the school. The school is not currently handicapped accessible from the inside.

After examining the DEC approved list for this summers' projects, we determined the paving project at KVHS could be removed from the list and added back for summer 2020.

POSSIBLE MOTIONS:

(That) Council requests that the Capital Improvement Project approved for KVHS for paving for summer 2019 be cancelled and moved forward to the Capital Improvement Project list for summer 2020 and that in its place, a new lift for Bayview Elementary be added for summer 2019 as recommended by the District in consultation with the Department of Education and Early Childhood Facilities Staff.
