Dear Editor:

The District Education Council of Anglophone South would like to acknowledge the outstanding efforts of our teachers, students, bus drivers and all staff for their hard work and dedication during the recent unprecedented flood conditions we experienced within our District.

We had teachers, students and other staff who could not be at school; however, they were out in their communities working to help in any way they could. From sandbagging properties to moving furniture out of the water's reach, or simply being good neighbours to those who found themselves forced out of their homes.

Our bus drivers safely transported students to and from schools that were open under very difficult conditions. Many buses were re-routed and/or traveled roads they would not usually travel with a bus due to flooded and/or washed out roads and ferries not running.

We would like to take this opportunity to publicly extend our sincere thanks for a job well done!

Yours truly,
