Ms. Heather Gallant
Driver, Bus #839

Dear Ms. Gallant:

On behalf of the District Education Council, I would like to extend a personal note of thanks to you for being so instrumental in the safe transport of our students during the recent unprecedented flood conditions within our district.

Although safety is always your primary concern, the conditions that you faced earlier this month were anything but ordinary. From total road closures, to flooded and/or washed out roads, and ferries that were not running, you had to re-route and/or travel roads that you would not usually travel with a bus. Your professionalism ensured the safety of students to and from school during very difficult conditions.

The District Education Council and District staff are well aware of the stressful situations that you encountered during this time and wanted you to know that your dedication to the safety of our students is greatly appreciated.

Again, on behalf of the School District and District Education Council, please accept our sincere thanks for a job well done!

Yours truly,

A blue ink signature of Rob Fowler, consisting of a stylized 'R' and 'F'.

Mr. John Allain
Driver, Bus #705

Dear Mr. Allain:

On behalf of the District Education Council, I would like to extend a personal note of thanks to you for being so instrumental in safely transporting students during the recent unprecedented flood conditions within our district.

Although safety is always your primary concern, the conditions that you faced earlier this month were anything but ordinary. From total road closures, to flooded and/or washed out roads, and ferries not running, you had to pick students up on the mainland side of the bridge and ensure that parents were there to meet them upon their return. Your professionalism ensured the safety of students to and from school during very difficult conditions.

The District Education Council and District staff are well aware of the stressful situations that you encountered during this time and wanted you to know that your dedication to the safety of our students is greatly appreciated.

Again, on behalf of the School District and District Education Council, please accept our sincere thanks for a job well done!

Yours truly,
