

Barkers Point career week is running from November 27th until December 1st. During this week I am looking for parents from our school to visit classrooms and discuss their careers. Each classroom visit will run 30-40 minutes and we are very flexible as to the day and times that work best for our presenters.

Although the focus of the visits will centre around the grades 3-5 classrooms, visits to the younger grades is also possible if you are interested.

Below is an outline of what I'd hope that you could cover during your presentation.

- Job Title and what it means.
- Where do people doing your job typically work?
- What did you study at school? What subjects do you need to be interested in to do this job?
- What are important skills for doing this job?
- How did you get interested in this work?
- A fun/interesting demonstration, video, or activity related to your job.

Let me know if you'd be interested in visiting one or a few of our classes. I'd be more than willing to help you out with anything that you may need help with.
