

This Week in Grade 3/4

May 29th – June 2nd

Words of the Week:

communities
confidence
misunderstanding
outrageous
unpredictable

We will have our spelling test on Friday. Practice these words a few minutes each night so students are able to spell and read them in a snap!

Math: We are continuing our unit on measurement this week. Students have been practicing how to tell time on an analog clock (a clock with hands). Have your child show you what they know. We are now beginning to measure objects by their length and width.

We will continue to practice our math facts each day. We are now practicing a mix of all facts learned this year (addition, subtraction, multiplication and division). Continue to practice each night.

Literacy: This week we will continue to use some of our literacy time to work on and practice our learning in depth projects. Please have your child complete the assignments sent home each evening so we can use them during class time. We will also work on prefixes and suffixes.

Writing: We are continuing to work on our memoirs. Our stories are starting to come together. Soon, we will have a memoir book to share with you.

Reminders:

- June 1st - Field Trip to the Legislative Building
- June 8th - Learning in Depth Fair
- June 15th - Grade 4s Ducks Unlimited Field Trip
- June 20th - Family Picnic Day
