

LIVING WITH COVID-19

New Brunswick is in the Green.

Schools will continue to practice protective health measures such as:

Wearing a mask in common areas

Encouraging vaccination against COVID-19

Washing your hands

Coughing into your elbow

Getting tested if you're experiencing COVID-19 symptoms

Be mindful and considerate of others.

IF YOU'RE SICK, STAY HOME. [GNB.CA/HEALTHSAFESCHOOLS](https://www.gnb.ca/healthsafeschools)
