Mrs. Coulombe's Class April 18-27th

Today the students enjoyed a presentation by "Mad Science". Information about Mad Science is available at the office if you are interested in learning about programs they offer.

Monday, April 24th we will be going to the Cineplex to watch "Born in China".

Thursday April 27th is our field trip to the Dr. Everett Chalmers Hospital.

Friday, April 28th there is no school for students as it is a professional development day for teachers.

Homework

Play outside ☺

Please read nightly

What We will Learn this Week

Literacy-

This week we are beginning an author study looking at the work of David Shannon. Mrs. Ouellette will be joining us for the next few weeks to help facilitate this fun project.

Sight words for the week-

Week 1: chalk, scooter, biking, bubbles, skipping

Week 2: reduce, reuse, recycle, refuse, rethink

Word Work This week we will introduce compound words.

Phonics: review r controlled vowels

Math- Flexible math groups will continue with groups meeting four days a week to work on addition and subtraction.

We will begin our next unit which will be measurement!

SS1 Demonstrate an understanding of measurement as a process of comparing.

You and Your World - Environment

Over the next two weeks we will be learning about Earth Day and ways to help sustain our environment. We will use the story The Lorax as a mentor text for cross curricular activities.

1.2.6C Identify materials that can be recycled locally and composted at home and/or school.

1.2.6D Explain the role of the 5 R's (reduce, reuse, recycle, refuse, rethink)

1.2.6E Identify ways to keep home and school clean and safe.
