## CAREER EXPLORATION 110

*Career Exploration 110 is a two-credit course. Scheduling will vary depending upon the placement site and the school timetable. Students must be able to adapt and work in independent environments.*

*Career Exploration 110 has limited enrolment. An interview with the Co-operative Education co-ordinator will be scheduled in April or May. As well, your past attendance record will be obtained and teachers may be contacted as part of the application process. All of these factors will determine if the student is accepted into the program.*

*A Career Exploration placement in any type of occupation depends entirely upon market availability. Every attempt will be made to place students into occupational areas of their first choice. If an area of work becomes unavailable at the time of actual placements it may become necessary to use the alternative choices.*

## HOMEROOM ADVISORY INFORMATION

Since this course has limited enrolment, it is necessary to select the best candidates who apply as they are representatives of our school in the community. Please complete the following information. Please see me if you have any further comments to help in the evaluation of this student.

## PARENTAL CONSENT

*All students are covered by New Brunswick Workers' Compensation with all costs thereof being covered by the Province of New Brunswick Department of Education. Anglophone School District West recommends that all students accepted for Co-operative Education purchase Student Accident Insurance for twelve months' protection. I am aware that my child has applied for acceptance to Career Exploration 110.*
