PowerSchool Newsletter

December 18, 2019

Dear Parents,

In January the opportunity for parents of grade 11 students to register for the PowerSchool Public Portal is coming! We are happy to have more parents gain access to their child's academic information as they journey through their education with Fredericton High School.

Once you have registered, you will gain access to the following details:

- Grades & Attendance
- Grade History
- Attendance History
- Email Notification Settings
- Schedule

In order to register you must come to our main office during business hours any day after January 20th, 2020 with proof of identification. We do require parents to complete a Policy 311 form which can be found on the PowerSchool page on the FHS website. To speed up the registration process you can bring the completed form with you when you come to register.

If you already have an account with a child in grade 9 or 10 then you can simply add your child to your existing account with the information provided by the office.

Please note we are only adding parents of grade 11 students at this time. If you have a child in grade 12, you will not be able to register for access to the site for these students.

Please feel free to contact me if you have any questions about PowerSchool or run into any difficulties during the registration process.
