October 12, 2021

Dear families,

October 18-22 is Safe Schools Week for all schools in ASD-W. Throughout the week, students and staff will be taking part in activities that focus on safety at school. These activities will also help educate and prepare students in the case of emergencies within the school.

The following is a list of the Safe School's Week activities outside of any classroom safety presentations that will take place:

Monday, October 18 – Bus Evacuation Drill & Fire Drill

Tuesday, October 19 – Lockdown Drill

Friday, October 22 – Fire Drill

We will not be practicing our school evacuation drill this year due to Covid-19 restrictions.

During this week, teachers will be discussing personal safety, playground safety and bus safety within the classrooms. If you know of any individuals or groups that would be willing to discuss safety with our students, please let us know so that we can arrange this.

As in years past, we are anticipating an effective Safe Schools Week and appreciate your continued support.

Sincerely,

Tracy Stewart - Principal
