

Grade 4 Science

May 25-29

In science we are working on animals, habitats, rocks and minerals.

Read this story about a race through the mud. What is mud? What is it made of?

<https://dynamath.scholastic.com/issues/2018-19/030119/muddy-moves.html#870L>

Watch this video about dirt:

<https://www.youtube.com/watch?v=if29mjcd5bc>

What did you learn about dirt and mud ?

NOTE :

All of the activities are optional. Students are to work on the activities they are able to, depending on the equipment they have available to them. If you wish to send me your child's work for feedback please feel free to take a picture and send it via e-mail to mark.slack@nbed.b.ca
