

Grade 7 Math and Science April 27th- May 1st

April 22nd was the 50th anniversary of Earth Day, so our theme this week is Planet Earth! Over the course of the week, you are encouraged to travel the world, visiting 1-2 continents/day and completing the corresponding activities, or an amount that would bring you to 1 hour of learning per day. Aim for 5 hours of Math/Science work each week.

**French immersion students are encouraged to complete at least 50% of their chosen activities in French.*
