

Nutrition Success Story

Parent and Family Involvement

Geary Elementary School

A school with strong partnerships

Geary Elementary School has a community coordinator who is also a chef! Her name is Roberta, and she works very hard to receive grant funding for a strong and healthy breakfast program for Geary Elementary School students. Roberta has teamed up with the Home and School Association to work together to provide healthy food at breakfast and lunch. Students have gardens in the school's courtyard, the cafeteria is operated by the Home and School Association with the help of volunteers from the community, and they are able to provide low cost lunches for their students. Parent and Family involvement is a key factor in Geary Elementary School's Success Story, and we are proud to share their Nutrition Success Story!
