Times: Mornings only: 8:30 - 12:30
Period 1: 8:30 - 10:20
Period 2: 10:40 - 12:30

Attendance and Questions

Attendance at Summer School

Each year, there are students who fail to complete Summer School due to not complying with the Attendance Policy. Please be clear in your understanding of it. The policy is taken very seriously by the Administration of Summer School due to our compressed timelines. *Please see Attendance and Department and Approved Absence on Page 7 of this brochure.*

Scheduling of a single class

Please note: Students with a single class are scheduled in a manner which resolves the most conflicts in the overall Summer School schedule of classes. Because of this, we may not be able to accommodate requests for specific class times. Students with a single class will find out their class time in the assembly of all students on the first morning, Wednesday, June 26th, 8:30 AM at FHS. Students who only have a period 2 class scheduled will not need to attend as early on subsequent mornings.

Any Questions?

After reading this brochure carefully, if you have any questions, please call or email:

Mr. Dwight Dunfield—474-2380

Modern History 112
Modern History 113
Financial and Workplace Math 110*
World Issues 120
Foundations in Mathematics 120*
World Issues 120
* = Available online

Specialty Courses

Differential Calculus 120 (see p. 4)
Calculus Preparedness Workshop (see p. 3)

Please note: We do not offer any program modifications. We can offer limited accommodations (extra time, alternate location). Students who require more than these accommodations should not attend summer school. Students who were on an individual education plan should not register for Summer School 2019

Please note: Most classes are combined classes (e.g. Physics 112/122). This enables us to offer many courses we would otherwise be unable to offer.

Cancellation and Registration

Cancellation: The right to cancel any course due to lack of registrations or other organizational problems is reserved by the Summer School authorities.

Registration: You may take one or two courses subject to approval of your school's Principal or designate (e.g. Guidance counsellor). Post graduates need NO approval to take a course.

Special Offerings

Calculus Readiness Workshop
July 2—8 Cost: \$120

Are you ready for Calculus at the University level? Professor Caroline Purdy will be covering all the topics that you are expected to know for success in University Calculus. Topics include: rational functions, absolute value and inequalities, logs and exponential, trigonometry, and graphing. You will leave the week with a workbook full of topics that you will need to be successful in math at the university level.

This class will run from 8:30 to 12:30 (with a 20 min break) Tuesday to Friday. You will do a diagnostics test on Friday and return on Monday for the results. This is a NON-CREDIT workshop, but is equivalent to what is offered at UNB before school starts — by the same instructor — at a 40% discount!

Special Offerings

Differential Calculus 120
2 Period Course Cost: \$3380

This course is a FULL differential calculus course, offered by an experienced high school calculus teacher. It is designed for students who have NOT taken a high school calculus course, but are preparing to do so at university. This course is open to ALL graduates. It is recommended that students have completed grade 12 math (e.g. Precalculus A and B) in preparation for this course. Students may also upgrade their high school calculus mark.

Online Courses

1 course only permitted Cost: \$330

We are offering, in conjunction with EECD and the New Brunswick Virtual High School (NBVHS), grade 11 and 12 English and Mathematics courses in an online format. These are offered primarily for those students for whom travel to Fredericton for Summer School is not feasible. These courses are the FULL courses (not compressed in any way) offered by NBVHS.

Because these are FULL courses, students are permitted to take only one course, as they must complete it within the five week summer school period. The final exam will be written on exam day (July 25th). **There will be NO extensions.**

Students are required to provide their own technology (laptop or desktop) and have a means of submitting assignments online (scanner, or app on phone that will scan and save as a pdf).

Students doing an online course must arrange for their textbooks with their local school. Summer School cannot provide these.

Examinations

1. Written on Thursday, July 25th.
2. Set and marked by the Summer School staff.
3. There is no provision for proctored marks for a student who misses the exam. If the exam is not written, the course is incomplete and no mark is issued. There is no provision for writing the exam at a later date.
4. Results will be made available to pupils on Friday, July 26th at 8:30 a.m.
5. July 26th, 8:30—9:00 a.m. is your **only** opportunity to review and discuss your final results in your Summer School course(s).
6. If you choose not to attend for final results on July 26th, then provide a stamped, self-addressed envelope on or before July 26th, which will be used to mail your final report to you.

Admittance Regulations

Pupils may be admitted to Summer School under the following regulations:

1. FOR GRADE OR SUBJECT PROMOTION

To be enrolled for promotion, any pupil must have the approval of the Principal (or her/his designate) of her/his school. The Principal (or her/his designate) needs to sign the Registration Form.

2. POST-GRADS

Students who have already graduated from High school and who need course(s) for admission into a post-secondary college or university program should have the approval of the Admissions Department or Registrar's Office of that college or university to take the desired Summer School course(s) for that purpose.

ABC Summer School reserves the right to deny admittance to any applicant.

Books and Supplies

1. Each pupil is responsible for her/his own supplies (except texts).
2. No marks will be issued until textbooks are returned by exam day at the end of Summer School. Students will be required to pay for lost or damaged texts before marks are issued.

Attendance and Deportment

Any of the following shall be considered sufficient reason for asking a pupil to leave Summer School without redress (and without refund):

1. **Pupil not working at his/her maximum**
2. Tardiness (three instances of tardiness equal one absence)
3. Absenteeism with excuse exceeding a combined total of two (2)
4. Failure to do assignments
5. The first instance of truancy
6. **Failure to cooperate with the teacher or to observe rules which the teachers see fit to make**
7. Violation of smoking policy or non-medical drug use.
8. Refusal to comply with the cell phone policy.

Students are expected to **remove their hats in the building.**

Approved Absence

In extenuating circumstances a student may receive permission to be absent from a class by obtaining approval from the Summer School Director PRIOR to the absence. Please note: approved absences do not permit a student to miss more than two days throughout Summer School. Absence from a test requires a doctor's note dated the day of the test. Failure to provide such note will result in a zero on the test.

Special Offerings

Online Courses (cont'd)

Students must travel to Fredericton High School for exams.

The exams in Fredericton will be written between 10:35am - 12:35 pm on July 26th.

This is the ONLY possible exam times.

Note: Only one course is permitted if taken online and it is highly recommended that you DO NOT try to take other courses while doing the online courses.

Online Courses Offered

English 112A	English 112B
English 122	

Foundations in Mathematics 110
Foundations in Mathematics 120

Financial and Workplace Mathematics 110

When registering for an online course, select the course and then check the LARGE box that says "Check this box if your Grade 11/12 English or Math Course is ONLINE"

Wednesday, June 26th

All students are to be present Wednesday, June 26th., at **Fredericton High School** at 8:20 a.m. Enter the school off Priestman St. and proceed to the center entrance and be seated in the Theatre no later than 8:30 a.m. to:

1. Receive timetables
2. Receive general information and instructions regarding Summer School
3. Go to classes to begin Summer School instruction. (You must have school supplies—notebooks or loose-leaf paper, pens and pencils to start your classes on this day.)

Registration and Payment

1. All candidates must properly complete the application form.
2. To register, return the completed form to your school principal or his/her designate on or before Friday, June 21st(earlier if possible). The full Summer School fee of for courses **MUST** accompany the completed form. Students are advised to pay by cheque, certified cheque, or money order payable to **ATLANTIC BUSINESS COLLEGE SUMMER SCHOOL**. Please note: We cannot accept payments written on a credit card cheque.
3. We now accept e-transfer of the full amount to abcsummerschool@gmail.com
4. All registrations received after June 21st are subject to a \$45.00 late registration fee.

Students who withdraw or are suspended (See "Department") on or after June 26th will not receive a refund.

NSF Cheques

If paying by cheque, and if the cheque is returned from our bank for any reason, there will be a \$45.00 charge payable to Summer School that will have to be paid immediately if the student is to continue in Summer School. Please note, we cannot accept credit card cheques.

Confirmation

Once you have submitted your completed Application Form together with payment, you are considered to be registered for Summer School. **You will be contacted only if a class cannot be scheduled for you.** If you do not hear from us, simply come to Fredericton High School prior to 8:20 a.m. on Wednesday, June 26th.

Smoking and Drug Policy

There is no smoking whatsoever permitted on school grounds at Summer School 2019. Breaking this policy results in suspension without refund. Reasonable suspicion of drug use (e.g. smelling of marijuana) will be sufficient grounds for dismissal.

Cell Phone Policy

Cell phone use is at the discretion of the teacher. We recognize that cell phones can be an asset to the learning environment, but can also be a distraction. If a student is using their cell phone at inappropriate times

1. They will warned once.
2. If they persist in using their cell phone at inappropriate times, the student will be given the option to turn in their cell phone each day at the main office, or be removed from summer school.
