Dear Nashwaak Valley School Families,

Some students & staff in our school have severe food allergies to peanuts and tree nuts. Any minimal contact with the product and its derivatives may cause anaphylactic shock (severe allergic reaction) and unconsciousness. In such a case, the allergy may even cause the student's death.

To ensure the safety of all students and staff, Nashwaak Valley is a PEANUT & NUT FREE SCHOOL and we ask that you not send any products containing nuts with your child(ren).

We do have a staff member who has a severe allergy to seafood and therefore we ask that you minimize the amount of seafood products you send to school. If your child does bring seafood (ie. tuna sandwich) please notify the teacher so we can take appropriate precautions.

We appreciate your understanding in helping us create a more secure environment for all students.

Thank you,

Tracy Stewart
Principal
