Thu. March 22nd

- Permission slips for skating due

Fri. March 23rd

- **Grades 1s Go Skating!**

Information to follow, however students will need skates and helmets to participate, if they do not have the equipment they will play outdoors.

This week in class and at home:

Literacy	
Our theme this month is " Je suis en bonne santé et je me sens bien !".	
Vocabulary/ Sentence structures (In class)	<p>Quelle viande aimes-tu manger? Quel substitut de viande aimes-tu manger? J'aime manger...du poulet, du poisson, du tofu (viandes et substituts)</p> <p>Quel produit laitier aimes-tu manger ou boire? J'aime manger...du fromage, du yogourt (lait des céréales, du pain)</p> <p>Quel produit céréalier aimes-tu manger? J'aime manger...des céréales, du pain (produits céréaliers)</p>
Sound of the Week (In class)	<p>ch – Charles chat (Charles the cat)</p> <p>Will we learn and explore the new sound 'ch' through a variety of words and put them into context through reading, writing and speaking activities.</p>
Sight words (In class)	amie, le ,son, ta, aime
Homework	<p>You can continue working with your child on sight words, I have posted the most recent words learned in class. See the 'Sight words Flash 7'</p> <p>Also please continue reading with your child in French or English every night for 15 minutes.</p>

In class this week and at home:

Mathematique	
Numeracy	<p>This week: "Subtraction to 12".</p> <p>Students have been working really hard to work on personal strategies and tools to help them when solving an addition story problem/number sentence.</p> <p>This week we will introduce subtraction as taking a part away from the whole group. When we subtract/take away the number in the group gets smaller. Students will learn that subtraction is the opposite of addition.</p> <p>Students will be introduced to strategies such as: count back to subtract, draw a picture and cross out, use concrete models (to pull away).</p>
Homework	<p>I will send home a 'bleu duo tang' for show your work.</p> <p>Student can show what they have been working on in class. Please sign it and return it to school by Friday.</p> <p>Continue to practice mental math : doubles, friends of 10, counting.</p>

The background of the slide is a soft, blue-toned photograph of a winter forest. The trees are heavily laden with snow, and the overall atmosphere is calm and serene. The text is overlaid on this background.

Please feel free to contact me, and I wish you a great weekend !

Mme Nolin
