

## Grade 5 Celebration Committee at Park Street Elementary Thanks Sponsors for Donations

With the 2016–2017 school year coming to a close, the parents and Grade 5 teachers of Park Street School are busy making final preparations for the Grade 5 Graduation and Celebration. The night will consist of a ceremony and fun activities, followed by donated colorful fireworks to end the night.

It takes a lot of planning, organizing and decorating by many parent volunteers, teachers and school administration to pull off this exciting night. The night would not happen at all, without the generosity of our many sponsors. Thank you to all businesses who donated everything this year from photocopies to USB sticks, to food and supplies.

Park Street School Grade 5 Celebration Planning Committee would like to take this opportunity to recognize the major donors who made donations of \$400 or more to help make this year's celebration a success. Thank you very much to Go Go Gymnastics and Mindful Vibe! Your donations were very much appreciated!
