

EARTH DAY

Scavenger Hunt

Earth Day is a day set aside to celebrate the plants, animals, oceans and landscapes that make our planet so special. It's also a day to support efforts to protect these natural resources. Earth Day is celebrated on April 22. This year's theme is Trees for the Earth. Learn more about Earth Day with this online Scavenger Hunt. For each question, click the link to explore the information on the page. Then, record your answers on the Earth Day Scavenger Hunt below.

1. How many trees does the organization in charge of Earth Day hope to plant (with the public's help) in the next five years? <http://www.earthday.org/earth-day/earth-day-theme/>

2. Rachel Carson was a marine biologist and conservationist credited with helping to advance the global environmental movement. What is the name of the book she wrote and published in 1962 that introduced environmental concerns to much of the American public?
<https://www.bing.com/search?q=rachel+carson>

3. Finish this quote by naturalist John Muir: "The clearest way into the universe is through a _____."
<http://kids.niehs.nih.gov/topics/environment-health/quotations/quotations-on-nature/index.htm>

4. Soon after Wisconsin Senator Gaylord Nelson founded the first Earth Day in 1970, the U.S. government created what environmental agency?
<http://www.earthday.org/about/the-history-of-earth-day/>

5. Can you name a strange and surprising ingredient that can be used to make paper? Take the Earth Day Quiz Whiz on this page to find the answer!
